

## **Terra del Capo Pinot Grigio 2010**

### **Viticulture**

Pinot Grigio is best suited to cool mountain slopes where it produces richly honeyed dry wines. To achieve the classic Pinot Grigio characteristics, we source grapes from many small blocks with micro-climates that are perfectly suited to the variety.

### **Winemaking**

Produced from handpicked grapes and pressed immediately to avoid any color extraction from the blue/grey grape. A slow fermentation proceeds, to allow time for the true potential of the Pinot Grigio grape to be unveiled.

### **Tasting Notes:**

Both the nose and palate contain fresh crisp apple, nectarine and peachy fruit salad. There's a pineapple tang and creamy texture in the mouth. The balance between fruit and lively acidity is well maintained with a rich, tropical fruit aftertaste.

### **REMARKS**
